SANTA ANA, CALIFORNIA, FRIDAY EVENING, FEBRUARY 23, 1912.

50 CENTS PER MONTH

SLAUGHTER OF THIBETANS IN CHINA

3000 Slain by Chinese to
Avoid Uprising on Arrival
of the Grand Lama

YUAN SHI KAI SENT FOR
BY NATIONAL ASSEMBLY

Natives Disbelieve in Abdica-
tion—Movement for Mon-
archy is Under Way

SHANGHAI, Feb. 23.—The slaugh-
ter of three thousand Tibetans by
Chinese troops is reported in ad-
vices received here. The military
commanders feared the coming re-
turn of the Grand Lama would pre-
cipitate an uprising, and took drastic
steps beforehand. Many women
and children were massacred.

REPUBLICANS SEND ARMED
ESCORT FOR YUAN SHI KAI

WASHINGTON, Feb. 23.—An armed
escort has been dispatched from
Shanghai to Pekin to bring Yuan Shi
Kai to the new capital at Nanjing,
to the national assembly now in ses-
sion. This action was taken by the
Republicans because of the failure of
Yuan to respond to an appeal for
him to go to Nanjing.

NATIVES DO NOT BELIEVE IN
ABDICATION; ARE FIGHTING

WEI HAI WEI, Feb. 23.—The na-
tives here do not credit the story of
the Manchurian abdication and are fight-
ing the Republicans, and a force of
the latter are marching through the
territory with two Maxim guns. The
natives are too poor and feeble to re-
sist very long.

FORMER REFORM GENERAL
WORKING FOR MONARCHY

LONDON, Feb. 23.—Kang Yu Wei,
former leader of the reform move-
ment in China, is on his way to or-
ganize Hakka tribes in Manchuria
to fight the Cantonese Republicans,
according to Tien Tsin. He will aid
in an attempt to restore a constitu-
tional monarchy. He will be assisted
by the Manchurian viceroys, Gen.
Chao Erh Hsun. A similar move-
ment is being pushed by Princes
Kung and Yu Lang.

WILSON BEST MAN IN RACE

So Says Senator Caminetti
Who Boosts Favorite to
Beat Taft or Teddy

SACRAMENTO, Feb. 23.—"Wood-
row Wilson is the strongest presiden-
tial candidate before the people, and
in due time Theodore Bell will dis-
cover it," remarked Senator Caminetti
at the capitol today. "Those favoring
Wilson say so openly, and their reasons
are based on Wilson's record of legisla-
tion secured during one term as governor
of New Jersey. They are not ostensibly
booming one candidate and working
for another. Wilson would defeat
either Roosevelt or Taft."

SECRETARY OF STATE WARNS
AGAINST FILING PETITIONS

SACRAMENTO, Feb. 23.—The sec-
retary of state has issued a warning
that it is illegal to file petitions in
the presidential preference primary
race until 6 o'clock a. m. on March 1.
Both Wilson and Clark supporters are
ready to issue blanks.

MARK SMITH OF ARIZONA
WOULD BE VICE PRESIDENT

PHOENIX, Feb. 23.—The Democrats
today made formal declaration that
they will file a petition to make Mark
Smith, senator from Arizona, a can-
didate for the Democratic vice-presi-
dential nomination. Prominent Demo-
cratic state leaders are here in con-
ference.

DELEGATION IS DIVIDED
BETWEEN CLARK AND WILSON

OKLAHOMA CITY, Feb. 23.—After
wrangling all night in a hopeless
attempt to send a solid delegation
for either Champ Clark or Woodrow
Wilson to the Democratic conven-
tion in Baltimore, Oklahoma Demo-
crats today adopted a report divid-
ing the state's delegates between them.

San Berdoo Has Record Day In Orange Show

SAN BERNARDINO, Feb. 23.—
Eighty-three hundred paid admis-
sions during this morning set a
new record for the Orange show.
It was announced that the Santa
Fe's unique refrigerator train of
citrus fruits will be taken to the
Los Angeles Land Products show.
Queen Viola was crowned tonight.
West End and Corona day
brought a big crowd to the Na-
tional Orange Show. The Corona
exhibit was entirely rearranged
during the night. There were
hundreds of the Corona visitors.
The surrounding cities are racing
for the Chamber of Commerce cup
for the city registering the most
visitors at the show. Redlands
and Riverside are leading, but
others are close competitors.

French Cabinet May
Be Reconstructed Soon

PARIS, Feb. 23.—It is reported
that Premier Poincaré will resign
soon, and that the ministry will be
reconstructed, with Aristide Briand,
possibly, as president of the council
or cabinet.

Light Horse Harry
Lee to Be Taken Home

SAVANNAH, Ga., Feb. 23.—The
body of Light Horse Harry Lee, the
Revolutionary hero, after nearly a
hundred years in a quiet graveyard
on Cumberland Island, is about to
be removed to Lexington, Va., the old
home of the Lee family, where it will
be reinterred in the Lee tomb.

Knox and Party Off
For Central America

KEY WEST, Feb. 23.—Secretary
Knox and party today sailed on the
cruiser Washington for the Central
American republics.

Chinese Aviator's
Narrow Escape From Death

OAKLAND, Feb. 23.—Tom Gunn,
the San Francisco Chinese aviator,
had a narrow escape from death at
the meet here yesterday, when his
biplane fell from a height of 150
feet and buried him beneath the
wreckage.

FLOUR FROM NORTHWEST
MILLS WILL BE PROBED

PORTLAND, Feb. 23.—Several se-
cret service agents are collecting
samples of bleached flour, manufac-
tured in several of the Northwest
mills during the last month, accord-
ing to authentic information leaked
out today. They are planning pro-
secution under the pure food law. It
is rumored similar investigations are
progressing in every flour manufac-
turing state.

EIGHT KILLED IN
McALESTER, OKLA.,
MINE EXPLOSION

McALESTER, Okla., Feb. 23.—A
complete search of mine No. 5, of the
Wickard Mining Company at Lehigh
shows that only eight men were killed
in yesterday's explosion and fire.
One hundred and seventy-five miners
were working when the explosion oc-
curred. Chester Caldwell, a young en-
gineer, warned them and all escaped
but ten. One of these was rescued
alive, and eight dead bodies have
been recovered, leaving one missing.

KILBANE IS LIGHT-
WEIGHT CHAMPION—
WHIPS ABE ATTELL

LOS ANGELES, Feb. 23.—Abe At-
telle, for eleven years world's feather-
weight champion, was yesterday de-
feated by Johnnie Kilbane in a twenty-
round fight in the Vernon arena,
before what is said to have been the
biggest crowd ever witnessing a
ring contest in Southern California.

The Man They Admired

Several senate clerks and stenog-
raphers were gossiping in the capitol
building the other day, telling
reminders of statesmen past and
present, when Senator Cummins of
Iowa passed them. "Ah, there's the
best of all of them," one remarked.
"Right you are," asserted another.
"This man was great, but in some re-
spects, this man even surpasses
him." "I doubt if the old building
ever forgets his memory," sighed a
third. "Wonderful in debate!" was
the fourth man's contribution. "No
man was ever his equal in the hulla-
balloo of a hot fight on the floor." A
stranger had listened to the praises
following Senator Cummins with his
eyes as long as he could. "Who is
he?" he asked easily. "Some famous
orator? The country's leading states-
man, perhaps? A political genius?"
"Genius nothing!" grunted one of the
stenographers. "Why that man's the
slowest talker in the senate and the
easiest to take in shorthand!"

DARROW CASE TO APPELATE COURT

Judge Hutton Denies Tran-
script Plea Because of
Higher Court Ruling

BELIEVES RIGHTS OF
DARROW NOT PROTECTED

Rogers Will Test Matter—
Double Dynamiting Probe
in Progress

LOS ANGELES, Feb. 23.—Judge
Hutton today denied the petition
filed by Attorney Earl Rogers, coun-
sel for Clarence Darrow, asking for
the completed transcript of evidence
taken by the grand jury indicting
Darrow. He overruled the objections
contained in the brief submitted by
Rogers concerning the law govern-
ing the disposition of evidence.

The Darrow case went over, the
date to be set next week.

Judge Hutton indicated that he
believed Darrow's rights had not
been sufficiently protected, but be-
cause of a higher court ruling he
was unable to decide in Darrow's fa-
vor. He therefore returned the de-
nial, preferring to permit the mat-
ter to go before a higher court. Rogers
will carry the transcript matter be-
fore the appellate court on Monday.

Two separate grand jury investi-
gations into angles of the McNamara
case are in progress here.
The federal grand jury, with Mr.
and Mrs. J. H. Casey as witnesses, is
probing chiefly into the alleged in-
timidation of federal witnesses and
other angles of the alleged nation-
wide dynamite conspiracy and the
county grand jury is investigating in-
to the alleged connection of certain
California labor leaders with the
plot to dynamite the Los Angeles
newspaper plant.

The county grand jury witnesses
will include Attorney John R. Har-
rington of Chicago, who was in
charge of the gathering of evidence
in the McNamara case. Harrington
was summoned to Los Angeles by a
federal subpoena. On his arrival
following a conference with Prosecu-
tor Lawler, he was served with a
subpoena to appear before the coun-
ty probers.

Mr. Casey is said to be an im-
portant witness, having been in the
confidence of Anton Johansson and
other labor leaders accused of com-
plicity in the dynamiting cases. I
is said she has given information
that will warrant a second prosecu-
tion of Bert H. Connors.

CLOSE SHAVE FOR COLLEGE

Santa Ana High all But Trim-
med the Collegians Yester-
day Afternoon

It was only by the skin of its teeth
that the Pomona College baseball
team yesterday defeated the Santa
Ana High School baseball team. The
score was 3 to 2 in favor of the col-
legians.

Had Santa Ana been a wee mite
stronger on batting, the game would
have gone to Santa Ana. There were
times when any kind of a hit would
have done the work, but Santa Ana
could not get them.

In the field, on the diamond, in the
box and behind the bat Santa Ana
played exceptionally well. In the first
inning Ball made a beautiful throw
from right field to third base. Barker
out-pitched the college man, and the
score-keeper showed Barker with fif-
teen strike-outs to fourteen for Beck-
er of the college. Pomona got five
hits off Barker, and then three were
taken off Becker. The ninth inn-
ing was exciting. Southpaw Becker
for the collegians walked two men
and hit a third with a ball in the
ninth. With the bases filled and no
outs he hit another man and thus
shoved a Santa Ana home, making
the score 3 to 2. A Santa Ana batter
went out by a pop fly, another by a
pop foul, and the third out was a
strike-out, ending the game.
Santa Ana's line-up was: Posse,
pitcher; Barker, pitcher; Vawter,
first base; Carrillo, second base; Car-
ver, third base; Youngman, short-
stop; Walters, left field; Morrison
center field; Ball, right field. West,
umpire.
Coach Ratcliffe has made a great
team out of the material at hand, and
before the season ends Santa Ana will
do some fast things for the champion-
ship of the Southern California high
schools.

WANTS BRIDGES AND A FREE STRIP

State Commission Asks Super-
visors for a Resolution
Making Guarantee

COUNTY IS WAITING
FOR STATE ACTION

Communication Explains Need
of Statement of the
County's Position

The State Highway Commission
has applied to the Board of Super-
visors for a resolution guaranteeing
that the county will furnish the com-
mission with a free right-of-way for the
state highway through this county
and guaranteeing that the county will
build all bridges needed.

The communication will be present-
ed to the supervisors at its next
meeting. There is every reason to be-
lieve that the resolution will be forth-
coming, for the county already has
the right-of-way in the main county
road that runs through the county.

The general understanding is that
the state will improve the through
road from Los Angeles to San Diego,
passing through this county. Action
toward getting a good road issue in
this county is withheld until the state
commission takes some definite ac-
tion that will be a full assurance as
to what roads will be improved by the
state and a full assurance that they
will be improved. It is the plan of the
County Highway Commission and
Board of Supervisors to then proceed
with calling an election for county
roads bonds in this county.

The communication to the super-
vision from the state commission
follows:

"A number of counties of the state
through their representatives, among
whom were many supervisors, have
voluntarily offered to provide free
rights-of-way and to build all bridges
necessary for such state highway or
highways as may be located within
their respective limits.

"It is apparent that the bond issue
of \$18,000,000 is inadequate for the
great work projected, and the com-
mission believes that each county
which may be benefited by the rout-
ing of the state highway system
through its territory will be ready to
do its part in making the state high-
way undertaking an unqualified suc-
cess.

"The commission considers it to
be the proper time, while surveys are
being ordered and estimates prepar-
ed, to have official action taken indi-
cating the disposition of the several
counties in this behalf, and it is de-
sired to have offers of free rights-of-
way and bridges by the counties em-
bodied in formal resolutions by their
governing boards.

"Accordingly, the commission re-
quests your honorable board to con-
sider this important matter at once
and trust that you will adopt a res-
olution agreeing to furnish to the
State of California free rights-of-way
and to build necessary bridges for
such state highway or highways as
may be located in your county.

"After you have taken action, please
transmit to the commission a cer-
tified copy of your resolution.

"Very respectfully,
"California Highway Commission,
"W. R. Ellis, Sec'y."

LEUT. GEN. MILES FOUND
BROTHER STRICKEN IN PARK

WASHINGTON, Feb. 23.—A trick
of fate brought Lieutenant General Nel-
son A. Miles, U. S. A., retired, to the
side of his dying brother, Daniel C.
Miles, as he lay gasping out his breath
in a gravel walk in Lafayette Park
last night.

The general was passing in his auto-
mobile when he saw a pedestrian
rumple in a heap on the pathway.
General Miles sprang from his ma-
chine and, on pushing through the
crowd, found the stricken man was his
brother. Daniel Miles died while his
brother was carrying him to his auto-
mobile.

Method in Madness

Pat Sullivan was a soldier and a
road fellow; but in the opinion of
officers and men alike he was cer-
tainly suffering from some brain af-
fection, and when on duty or at drill
he would suddenly break from the
ranks and run after an imaginary bit
of paper, visible to no one but him-
self, shouting as he did so:
"There it goes! There's the pa-
per!"
This at length became so frequent
an occurrence that, on the matter be-
ing brought before the medical au-
thorities, he was declared to be suf-
fering from a slight attack of insani-
ty, and in consequence he was given
his discharge. When leaving, how-
ever, he gave evident proof that there
was some method in his madness, for
as he quitted the service forever he
cried, flourishing his discharge pa-
per:
"Faith, boys, sure I've got the
piece of paper I've been running af-
ter this long time!"

OROZCO SAID TO HAVE DESERTED HIS CHIEF

Now Advancing on Juarez---U. S. Hears
Alarming Reports From Col. Steever;
Seizure of Guggenheim Smelter

WASHINGTON, Feb. 23.—General
Pasqual Orozco, President Madero's
chief lieutenant during the first rev-
olution, has deserted Madero, and is
now leading fourteen hundred men
into Juarez, according to a report to
the war department from Col. Steev-
er, commanding the American troops
in Texas. The situation in northern
Mexico is critical, and Col. Steever
says dissatisfaction and the revolu-
tion are spreading daily.

While the reports of Orozco's de-
fection are unofficial, they are be-
lieved to be authentic because of
Orozco's disappointment over the ap-
pointment of Abraham Gonzales as
military dictator of Chihuahua, a po-
sition Orozco coveted.

Orozco's familiarity with Juarez
topography, and Madero's plans,
make the fall of Juarez almost cer-
tain, if he has really deserted his
former chief as reported.

MEXICAN SITUATION
EXCITES ALARM IN U. S.

WASHINGTON, Feb. 23.—Disqui-
eting dispatches from the Mexican bor-
der are causing unusual activity in
the war department. Messengers go
in a continuous stream between the
department and the White House.
Secret reports have been received
from Col. Steever, commanding the
American troops in Texas. They
are believed to refer to the rebel ad-
vance on Juarez.

Private dispatches say that three
bridges and ten miles of railroad

May Determine Points Of Law At 10 Tomorrow

Tomorrow morning may bring
about a final determination as to
the validity of the \$200,000 polytechnic
high school bonds, at least so far as
the superior court is concerned. The
hour of 10 o'clock is set for another
hearing before Judge Monroe of Los
Angeles, who was here Wednesday.
Wednesday's argument on the de-
murrer to the complaint in the case
of Robert McFadden against the
Board of Supervisors, attacking the
validity of the bonds, brought out a
contention of the defense not hith-
erto dwelt upon. That contention is
that a taxpayer has no right to enjoin
the sale of bonds. This is a new law.
Attorney Forsy for the plaintiff con-
tended that the law applies only to
municipal bonds. Attorney Williams
took the view that it applies to such
bonds as those in question. Judge
Monroe did not decide the point.
A point that was raised and which
may require further argument is
whether or not the school board met
at the proper place when it organiz-

COLLECTOR HURT IN MAD RUNAWAY

Horse Dashed up Embank-
ment in Fullerton Hills—
Man Hurt, Horse Killed

FULLERTON, Feb. 23.—F. L.
Granville, a collector for the Fine
Art Museum of Southern California,
had his arm broken about 10 o'clock
this forenoon, when a horse he was
driving became frightened at a piece
of paper that was blown suddenly be-
fore him, and dashed off in a wild
run. The accident occurred in the
hills near here where Granville was
collecting owls' eggs. The horse in
his flight ran up an embankment
throwing Granville out with a broken
arm as a result. The horse ran on
into this city, and, attempting to
turn into a livery barn, fell on the
sidewalk, hurting himself so badly
that it was thought best to kill him.
Granville is a partner of S. Rich-
ardson.

Too Rude!

A wealthy, but none too intelligent
lady of my congregation had just re-
turned from abroad.
"I suppose you visited all the fa-
mous churches and cathedrals of
Europe?" I inquired.
"Well—er—no, not all of them,"
she replied. "When I was in London
I hunted and hunted, but do you
know, I couldn't find the Church of
England, and everybody was so rude
when I asked them where it was."

NO "FRATS" IN MISSISSIPPI

JACKSON, Miss., Feb. 23.—Sec-
onding the action of the state Sen-
ate, the House of Representatives of
the Mississippi legislature Wednes-
day adopted an "anti-frat" bill, which
orders the abolishment of all Greek
letter fraternities, sororities and se-
cret organizations in education in-
stitutions supported in whole or in
part by the state.

day."

"How so?"

Gales Were Climax of Big
Storm That Raged on Sea
Coast of Atlantic

SAN PEDRO, Feb. 23.—Subma-
rines A-3 and A-5, after battling for
four hours with a thirty-mile gale,
returned to port at 1:30 o'clock this
afternoon, unable to progress against
the wind storm.

Submarines A-5 and A-3 left for
San Diego at 8 o'clock this morning,
and were later reported to have en-
countered a thirty-mile gale six miles
down the coast. They were con-
veyed by the ship Fortune. Some an-
xiety was felt among sea experts,
which was later justified by the
boats' return.

30-Mile Wind in Angel City

LOS ANGELES, Feb. 23.—A thirty-
mile wind is causing slight dam-
age to trees and wires in Los An-
geles. It is the heaviest wind of the
season. Forecaster Wollaber says
the gale is an overflow of a desert
storm in Arizona, and will not af-
fect rain conditions. He also said
that the prospects for rain are bad.

TENNIS TOURNAMENT PUT OFF—
WIND WRECKED GRAND STAND

LONG BEACH, Feb. 23.—High
winds necessitated the postponement
of the annual tennis tournament today.
The grandstand was partially wrecked
by a wind blowing at the rate of
thirty-five miles an hour.

CLIMAX OF STORM THAT
RAGED ON EAST COAST

NEW YORK, Feb. 23.—The ninety-
six-mile gale that has held the east-
ern seaboard, from the Carolinas to
Nova Scotia, mercilessly in its grasp
for twenty-four hours, swept out to
sea last night, leaving behind a new
record for wind velocity in the east
and a list of property damage that
will reach into the millions.

Two Juries in Session Today

LOS ANGELES, Feb. 23.—The fed-
eral grand jury probing dynamiting
affairs, adjourned this morning until
2 o'clock this afternoon without ex-
amining any witnesses. The county
grand jury is also in session today.

BERGER ASKS MINT PROBE

Offers Resolution Embodying
Charges That Guggenheims
May Control Coinage

WASHINGTON, Feb. 23.—Socialist
Congressman Victor Berger has in-
troduced a resolution in the House
demanding an investigation of the
charges of a San Francisco mint em-
ployee regarding a conspiracy to give
the Guggenheim smelting interests
charge of the refining business. He
quoted the mint employee in his res-
olution.

Berger's resolution detailed charg-
es made by Harold French, former
chemist of the San Francisco mint,
who asserted that Secretary of the
Treasury MacVeagh and the Taft ad-
ministration are planning to give the
Guggenheim smelting interests
charge of the country's coinage. The
resolution demands that the House
committee on expenditures of the
treasury department institute a thor-
ough probe.

California congressmen are fight-
ing desperately to prevent the pro-
posed elimination of the mint.

THREE SCORE AND TEN

"Mother" Dean Tenderly Honored by Old Neighbors on Seventieth Birthday

Mrs. J. C. Dean reached the age of seventy Wednesday and this event was quietly celebrated at the Dean home at 504 Cypress avenue.

A number of Los Angeles friends and former neighbors came down to spend the day and visit with her, bringing with them lunch baskets well filled with all kinds of good things to eat. These friends were the nearest neighbors to Mrs. Dean—or "Mother" Dean as she is more familiarly known by them—when she was living at Seventeenth and Toberman streets, Los Angeles, and where she spent five of the best years of her very active life. The years spent amongst these friends were years full of kindness and many loving ministrations to them and their families. And that is why they all dearly love "Mother" Dean and never forgot her birthday but always go each year wherever she lives to help her in its celebration.

Mrs. Harry Dean knowing these friends had never missed a birthday during the past ten years or more and believing that they would surely come, had the house tastefully decorated with ferns and roses. The visiting party came shortly after 11 and after first congratulations were soon busy getting the luncheon spread. As the guests were gathered round the table with the hostess, Mrs. E. B. Root made the speech of felicitation congratulating Mrs. Dean on her having arrived safely at the scriptural age of three score and ten and presented her with a very beautiful solid silver spoon decorated with oranges and bearing this inscription: "Toberman Street Neighbors, February 21, 1912." The birthday cake which was a fine example of the art of home baking was beautifully resplendent in its coat of white surmounted by seventy pink candles. The birthday bouquet brought from Los Angeles was composed of ferns and fresias.

The afternoon was spent in pleasant conversation and a further cementing of those ties which bind these visiting ladies together and to their hostess. So delightfully was the day spent that the time to return to their homes arrived much too soon. As the guests were departing they wished Mrs. Dean many more fruitful years and it was said

MICHIGAN, MY MICHIGAN!

East Lake Park, Saturday, Feb. 24th (TOMORROW), an old fashioned, get acquainted all day basket picnic.

Rose Hartwick Thorpe, Michigan's most talented writer, author of "Curfew Shall Not Ring Tonight," will render some of her choicest writings.

D. W. Grandon, editor of the "Hillsdale Daily Standard," will be among the speakers.

This will be the biggest ever. I'll be there; will you be there? If not, why not?

to her as they bade her good-bye, "A life lovingly given out to others and for others is the only life that counts for much after all—and that is why we love you."

Among those present from Los Angeles were Mrs. Harry Seward, Mrs. John D. Clark, Mrs. G. M. Giffen, Mrs. Charles Lehman, Mrs. John H. Buchanan, Mrs. Mary E. Jasper and Mrs. E. B. Root.

Pleasant Party

A very enjoyable afternoon was spent at the home of Mildred and George Ramsey on North Main street Wednesday afternoon. Games and songs were enjoyed and dainty refreshments were served.

Those present, besides the hostesses, were Misses Ellen Ross, Ella Slocum, Margaret Lang, Helen Ramsey, Evelyn Ross, Geneva Lang.

The Iowa Picnic

Many Santa Anans revived old friendship and greeted old neighbors yesterday at the big Iowa State picnic which was held in Eastlake Park, Los Angeles, which was attended, it is estimated, by 50,000 people. It seems incredible that so many of the Hawkeyes could be gotten together in any one city on the Pacific coast, yet it is said that the figures given above are approximately correct.

Everyone attending from Santa Ana reports a glorious time, as the day was perfect, the addresses, including one by Mayor Alexander of Los Angeles, were excellent, the picnic dinners were just as good as picnic dinners always are, and above all the reunion of old friends was the joyous feature of the day. A unique procedure was the regis-

tering of people born in Iowa before 1846. Among these were James F. Smith, Tustin, and James D. Moore, Orange.

Mission Lecture

The Home Missionary Society of the United Presbyterian church held an entertaining meeting last evening in the church. Mrs. J. E. Kellogg, leader of this department, had charge of this meeting and was very fortunate in securing Mrs. Van Meter of Los Angeles to deliver her lecture on the "Appalachian Highlanders," the mountaineers of Kentucky, Tennessee and the Carolinas. Mrs. Van Meter is from Kentucky and has been in direct touch with these people. Her story is very interesting and well worth hearing. Isolation, poverty and want are also the causes of the deplorable condition of these people. They are of Scotch-Irish descent, and good blood flows through their veins. Their need of teachers and missionaries is great, and an appeal was made last night for help for these people of our own land. A good offering was received for this work.

Rebekah District Meet

The Rebekah district meeting of District No. 50, will be held in this city tomorrow, Feb. 24, under the auspices of the Sycamore Rebekah Lodge, No. 140. It will be an all day meeting commencing at 10:30 a. m. In the evening the regular meeting of the Sycamore Rebekah Lodge will be held and candidates initiated.

Orange Entertainment

By request, the Orange Grammar School entertainment will be repeated Saturday evening, Feb. 24, in the high school auditorium. Tickets are on sale at Ditmer's drug store.

Brotherhood Dance

The Fraternal Brotherhood will entertain the public tonight with a masquerade dance. Not only will there be a variety of costumes to amuse and interest spectators and dancers as well, but good music will make dancing a joy. A general invitation is issued to the public.

Lusk Recital

Although a goodly number were present at this pleasant recital, on account of numerous other things in the various churches and clubs on last Wednesday evening, Mr. Lusk did not have his usual well-filled auditorium. The recital, however, was an artistic success and the only fault to be found was that the program was too short. Mr. Lusk's organ work was extremely gratifying and the audience showed their approval by insistent applause.

Mr. Lusk was assisted by William Augustus Benjamin, the tenor, recently from New York City, who is in charge of the Baptist choir. He has a clean, well-modulated tenor voice and sings with much expression and artistic taste. The old song "Silver Threads Among the Gold" was especially effective with male quartette chorus.

League Meeting

The regular meeting of the local chapter of the American Woman's League will be held at 2:30 p. m. Monday, Feb. 26, at the City Hall. All members are requested to be present.

NO REASON FOR IT

When Santa Ana Citizens Show the Way

There can be no just reason why any reader of this will continue to suffer the tortures of an aching back, the annoyance of urinary disorders, the dangers of serious kidney ills when relief is so near at hand and the most positive proof given that these ills can be cured. Read what a Santa Ana citizen says:

W. A. Irvine, 813 E St., Santa Ana, Calif., says: "I am as firm a believer in Doan's Kidney Pills now as when I publicly vouched for their merits in March 1907. The praise I give Doan's Kidney Pills is duly warranted, as their use has brought me relief on a number of occasions from backache, and sharp pains through my loins. This medicine which was procured at Wheeler and Mateer's Drug Store, has also been helpful in other ways, relieving soreness through my kidneys and regulating the passages of the kidney secretions."

treat and can be enjoyed by others than members of the Ebells. Other features of the meeting of the executive board were the presence of Ebells' president, Mrs. A. J. Crookshank, after an absence of several weeks in the South and Cuba, and the serving of dainty refreshments by Mrs. Dryer. Mrs. Crookshank was warmly welcomed by the ladies of the board.

Washington's Birthday

Washington school celebrated Washington's birthday yesterday between eleven and twelve o'clock. The following program was given in the seventh grade room, which was brightly decorated with the stars and stripes and ferns:

Song, "My Own United States"—Fifth, Sixth and Seventh grades; essay, "Washington"—Clare Wilson of the Seventh grade; song, "Washington"—Mrs. Baker, Seventh grade; reading—Ross Dickens, Third grade; "Columbia, the Gem of the Ocean"—by the school; "Our Country"—First grade.

(Below is the song written by Mrs. Baker for the occasion). Washington (Tune, America).

"Father of our country, We voice our love to thee, Thy natal day, Thou art our Nation's pride, In freedom's cause, our guide, First in our hearts abide, Both now and aye.

We chose thy name for school, For we should learn thy rule, To serve our State, True citizens we'd be, Friends of humanity, Protect our liberty, Ensure our fate.

Washington's God to thee, Author of liberty, We laud thy ways, That thou didst thus provide A man so true when tried, Washington for our guide, Accept our praise."

Reading—Frank Staunton, Third grade; song—"Stars and Stripes"—Third grade; "America"—the school.

A rendering of patriotic music was done by a phonograph at the end of the program.

Brotherhood Dance

The Fraternal Brotherhood will entertain the public tonight with a masquerade dance. Not only will there be a variety of costumes to amuse and interest spectators and dancers as well, but good music will make dancing a joy. A general invitation is issued to the public.

Lusk Recital

Although a goodly number were present at this pleasant recital, on account of numerous other things in the various churches and clubs on last Wednesday evening, Mr. Lusk did not have his usual well-filled auditorium. The recital, however, was an artistic success and the only fault to be found was that the program was too short. Mr. Lusk's organ work was extremely gratifying and the audience showed their approval by insistent applause.

Mr. Lusk was assisted by William Augustus Benjamin, the tenor, recently from New York City, who is in charge of the Baptist choir. He has a clean, well-modulated tenor voice and sings with much expression and artistic taste. The old song "Silver Threads Among the Gold" was especially effective with male quartette chorus.

League Meeting

The regular meeting of the local chapter of the American Woman's League will be held at 2:30 p. m. Monday, Feb. 26, at the City Hall. All members are requested to be present.

REFUSE ENDORSEMENT FOR CITY DIRECTORY

Orange Lad Cut Off His Thumb With Ax While Chopping Wood

Orange News: The board of directors of the Merchants and Manufacturers' Association was solicited to endorse the publication of a local directory by Los Angeles people today. The directors decided to refuse the endorsement on the ground that the present need of a directory is not urgent. The promoters of the scheme were undecided as to whether or not they would proceed without the endorsement, which the members of the association require before considering advertising.

Ernest Harms, the 11-year-old son of John Harms, of East Chapman avenue, severed his thumb with an axe yesterday afternoon. The boy was chopping wood at his home, when a stray stroke sent the axe blade across his left thumb. The member was cut through at the first joint.

THE LAST WORD ON COMFORT

Have You Heard About The Electric Pad?

These are its merits in a nut shell. It is an electrically heated warming pad, that takes the place of those leaky hot water bags, and the hot bricks that scorch the sheets and sometimes burn up the bedding.

It is automatic—you turn the switch and go to sleep—a thermostat shuts off the current when the temperature rises to the comfort limit.

It means ready relief from rheumatism, sciatics, neuralgia, and other aches and pains. It is quick comfort for cold feet. It is the Porch sleeper's friend.

Over a half million votes poured in to the contest department in the last couple of days in an unbroken stream. It seemed as though the candidates were going to explode with wild enthusiasm. Each strained every effort to eclipse the lead of the other, and many votes that candidates had treasured and expected to poll on the last day were forced into the ballot box. It is the result of the excitement that the big contest is causing. Everywhere, on every street corner, and public highway, in hundreds of homes and where the town topics are always discussed, out in the remotest districts of the county, the big Register automobile contest is the real topic of conversation.

Candidates wherever they go hear of someone close by talking Register contest. They hear someone say: "I wonder who is going to win," or "Miss or Mrs. So and So is going to win."

More than likely the name she heard picked as the winner was some other than her own. So they simply could not stand the suspense of keeping their friends and the public in the dark any longer, and they all broke loose at once and emptied over a half million votes in the ballot box yesterday.

Miss Pauline Jacobs sprung the biggest surprise since the opening of the contest. Miss Jacobs cast over 90,000 votes and now has a grand total of 204,045.

Mrs. J. H. Harvey polled a heavy vote also, over 90,000, and is only 400 votes behind Miss Jacobs. Miss Lula McKenzie cast the next greatest number of votes, which was 81,475. This heavy increase places

Miss McKenzie in third position with over 192,000 votes to her credit. Miss Edith Stearns of Tustin was another strong poller and advanced the numbers opposite her name over 128,000 votes. Miss Stearns is a steady worker, and never lets a day go by without getting her share.

Mrs. G. W. Mayes cast over 35,000 votes and is now over the 111,000 mark.

Mrs. Louise Berneike added 18,280 votes to her total. Mrs. N. E. Todd, Miss Mildred Curtis, Miss Lillian Yaeger, Mrs. J. Leslie Swope, as well as all the other ROLL OF HONOR candidates have increased their vote totals, and the race is now at fever heat.

New leaders are coming in every day and no one can tell who will be the next surprise. It is the heaviest voting contest ever conducted in this county, and just where the votes will end is bewildering.

Revival Services are Being Continued—Thimble Club is Entertained

FAIRVIEW, Feb. 23.—Mrs. T. S. Harlin entertained the members of the Thimble Club Wednesday afternoon. Luncheon of cake, sandwiches, tamales and tea were served. Ferns and violets constituted the table decorations. The visitors present were Mrs. J. Devenny of Bay City and Mrs. W. J. Harlin of Old Newport. Among those who motored from here to the beaches Sunday were James MacKie and family, Mr. and Mrs. C. T. Burgess and Miss Ross Funk, Healey Ellis, Mr. and Mrs. J. H. Bethel. J. Cole purchased an acetone lighting plant for his home recently. Several from here attended the Valentine masquerade ball at Newport Saturday evening. Mr. and Mrs. C. J. Segerstrom of Willow Springs Farm are passing a few days in Los Angeles as guests of friends. Mrs. H. D. Meyers is spending the week in Los Angeles as the guest of her daughter, Miss Edith, who is attending high school there. Mrs. F. Robinson visited her sister in Pasadena a few days this week. James MacKie, J. H. Bethel and J. E. Howard were Huntington Beach visitors Wednesday. Mrs. A. Roper of Rose Hill Courts, Los Angeles, spent Sunday and Monday with her daughter, Mrs. J. W. Heath, on Huntington Drive. Mr. and Mrs. J. W. Heath visited J. B. Inrile, ex-county clerk from their old home, Platt county, Illinois, Wednesday in Huntington Beach.

The revival meetings at the schoolhouse are still in progress, and will continue indefinitely. Everybody is cordially invited to attend these services and enjoy and profit by the meetings. J. Jamerson has his pretty bungalow almost completed. Mr. Inrile is so well pleased with California that a number from Platt are coming out here next month to locate. R. A. Stevenson attended a leap year party at the home of Mrs. Edith Wells in Santa Ana last Friday evening. W. T. Hayhurst is making cement water pipe for irrigation purposes, and will have cement lined canals to run the water through from his artesian well. He intends to set his place to walnut trees this spring. Mr. and Mrs. W. S. Babb and Mrs. T. S. Harlin made an automobile trip to the West Shore Gun Club Thursday, and with T. S. Harlin, who went down Wednesday, will enjoy a wild duck dinner. Returning by the way of Bay City, they will visit with Mr. and Mrs. J. Devenny. Miss Lucy Comer of Oklahoma City is visiting her aunt, Mrs. J. M. McKinzie.

Pretty, New Spring Dresses

We Can Fit All Sizes, Children, Intermediates, Juniors and Misses.

Junior Sizes

11-13-15-17-19 Yrs.

The new dresses for Intermediates and Juniors are cut on correct lines, shorter in the skirt and with larger waists. They are just the dresses you have been wanting to fit girls that have outgrown children's dresses and are too young to wear the longer misses' sizes.

Our new spring line embraces white dresses in lawns and batiste, beautifully made and trimmed with laces or embroidery. The styles are chic and refreshing, and designed just to suit girls of intermediate and junior age. Dainty white dresses cost from \$2.00 to \$10.00. Then we have colored dresses and percales, neatly trimmed in colors, made with the new short sleeve and low neck. They are priced from \$2.50 to \$5.00.

Misses Sizes

14-15-18 Years

Misses' dresses are cut differently and are one step between the junior and ladies' size. The skirts are longer, the waist shaped more than in the junior models but are still more slender than ladies' sizes. These dresses are cut just right for misses or small or slender women.

In these sizes, we have dainty new lawn and batiste dresses, cut in the chic spring styles at from \$2.00 up. Then we have a new line of linen dresses, trimmed in red or blue at \$5.00 and \$6.00. If it is a wash dress you want, we have them in misses' models at \$1.75 up, made of percales and ginghams. All of these dresses are carefully made and carefully finished. They are cut just right and fit perfectly.

New Peter Thompsons at \$12.50

Most of you know this dress—the best style ever made for all-around good service. We have just received some new PETER THOMPSON dresses made of a splendid wool serge in navy blue trimmed in cardinal braid. Both colors are true colors and the effect is delightfully pleasing. These dresses are designed with the popular yoke skirt, panel front and laced back, and with trim sailor collar and cardinal silk tie. They fit perfectly. Price only \$12.50.

Handsome New Spring Coats

We are just in receipt of the prettiest line of spring coats for Children and Misses we have ever shown. The Children's coats come in all sizes 2 to 6 years in pretty tan, cream and navy serges or diagonals with embroidered collars at \$4.50 and \$5.00. We show a new black satin coat at \$5.00 with a black or pale blue collar.

New coats for Juniors and Misses are here in handsome light woollens and diagonals. The Junior coats are \$5.00—\$6.00—\$7.50 and Misses sizes are \$10.00 and \$12.50.

Y. M. C. A. High School Night Proves Success

The newly organized Y.M.C.A. of Santa Ana held its weekly meeting Wednesday night, which on this occasion was called high school night, in the south parlor of the First Presbyterian church. The meeting was a decided success, and plainly showed the interest that is being created by this association among the young men and boys of the town. The first part of the program was assigned to Prof. J. R. Baker of the Commercial High School.

Prof. Baker had as his topic "How to Teach Next Sunday's Lesson to High School Boys." He ably and instructively explained the lesson, and in some very effective words pointed out methods which could be used in making the Bible lesson more attractive and hold the attention of the high school boy.

Prof. Bartlett, principal of the high school, gave a very interesting and impressive talk on the relations between the Y.M.C.A. and the high school. He explained that the high school work and Y.M.C.A. work should go hand in hand, as they both have the same object in view—better young men, spiritually, morally and physically. Prof. Bartlett remarked that he was very glad to see some of the leaders in the high school leaders in the Y.M.C.A. work.

The second part of the evening's program was given over to an informal debate. "Resolved, That the employed young men of Santa Ana need the Y.M.C.A. and building more than the high school boys." The affirmative was supported by Lewis Gall, S. Shallenberger and Loren Mead, and the negative was taken by Charles Tidball, Emmet Rair and Malcolm Tedford, with Carson Smith, Mr. Chapman and Mr. McClure acting as judges. Some very strong arguments were put up by both sides, and it was with some difficulty that the judges made the decision in favor of the high school boys.

Two of the most important arguments in favor of the high school boys were—first, that they have more leisure time after school than the employed young men have, and so, having no place to spend their evenings, are attracted to other surroundings which do much harm to the morals of the high school boy; and second, that the high school boy is in the most critical age of his life, the age when he is most easily led and most susceptible to temptation. Prof. V. R. Hughes, principal of the commercial high school, was called on to speak. He had considerable experience in Y.M.C.A. work at San Jose and he gave illustrations of what had been done in that town in a very short space of time. Everybody present thought that with the hearty co-operation of the community at large, Santa Ana could achieve much in this noble work.

The Y.M.C.A. is in Santa Ana and it has come to stay, and every young business man and high school boy ought to put forth his utmost efforts towards attaining that which the Y.M.C.A. stands for—the spiritual, moral and physical uplifting of the boy and young man. The meeting was an inspiration to all present, and they felt that it would do lots of fellows in this town good to hear the valuable and interesting talks, such as were given on Wednesday night. The membership roll is steadily increasing, and several were admitted at this meeting, making a total of 135 members. It is the aim of the association to have 200 members by the first of April.

ROOSEVELT'S SPEECH

It would be amusing, if it were not such a serious matter, to note the way reactionary newspapers handled Roosevelt's epoch-making Columbus speech. One such paper headed its report "Roosevelt Straddles the Recall Question." Another did not have a line about the speech. Another reported the speech fairly, but in the same issue had an editorial headed "Coming Taft's Way." In spite of the fact that straw ballots being taken by papers all around it, showing Roosevelt the favorite four to one, this paper claimed that "even in California the set of the tide is strongly towards Taft."

The Sacramento Bee, an independent newspaper of Democratic tendencies had an admirable editorial on the Roosevelt speech. It is headed "A Bold and Virile Speech by Roosevelt." We quote:

"A very remarkable address is that delivered by Theodore Roosevelt at Columbus, Ohio, today, and published in the news columns of the Bee. It is filled with the Roosevelt spirit of progress, and outspoken championship of the rights of the People. The Colonel declares himself strongly for direct legislation, in the form of the Initiative and the Referendum—not to destroy representative government but to correct it 'whenever it becomes misrepresentative.'"

"He says the Recall of Judges should be adopted only as a last resort, but yet his line of argument on this topic tends greatly to justify this means of getting bad judges off the bench. What he says of the judiciary, in fact, is the chief feature of the speech, and should be read with most careful attention. It sounds the true note in dealing with the subject, and he handles it without gloves."

"One particularly strong point Roosevelt makes is that when a judge or court decides a constitutional question—as to what The People can or cannot do in the way of law-making—'The People should have the right to recall the decision, if they think it wrong.'"

"The meaning is made plain that the courts should not be the final arbiters of the right to make laws; that the courts shall not set themselves up to be masters of The People."

"Popular power to recall a decision on a constitutional question involving the rights of The People is advocated by the Colonel in vigorous fashion, and he cites a recent decision by the New York Court of Appeals to illustrate his meaning. That court nullified as unconstitutional the Workmen's Compensation Act, and Roosevelt scores the decision as holding, in effect, that the Federal Constitution had permanently cursed our people with impotence to right wrong, and so perpetuated a cruel iniquity. He calls attention to the fact that in other states like compensation laws have been sustained by the Courts, and that the Supreme Court of the United States has declared constitutional a similar measure regarding railroad employees."

VERY TRUE, INDEED

In two editorials, which are to be commended for their brevity, as well as for their sapience, the Orange Daily News thus comments on the leading political issues, locally, of the coming campaign:

"Watching Riverside—Riverside county, with two candidates for the new seat in congress, is inviting an outsider to step in and take the prize. Cutler and Evans, both strong men in the county, are contending for endorsement. San Diego has some favorite sons and San Bernardino as well and these will watch the River-

side situation with sympathetic interest.

"State Senator—It is reasonable to expect that the State Senator representing Riverside, Imperial and Orange counties will fall to Orange this year. With Riverside certain to be after the congressman, and with Imperial newly added to the district, Orange county appears to be right in line to furnish the man."

POWER OF THE PRESS

It is related of Col. Ingersoll that he picked up a Bible and asked, "What good did that ever do?" Whereupon a God-fearing woman replied, "It has kept Robert G. Ingersoll from being governor of Illinois." Senator La Follette announced on a recent Friday night that the newspapers had lost all their influence, and the next day his political friends with one accord acknowledged that his presidential campaign was hopeless. All the newspapers are not opposed to the senator; it was enough that he was opposed to all the newspapers. The influence that he said did not exist was enough, even latent, without formal expression to end his ambitions for the present.

Taking these facts as theme for thesis the Philadelphia Record says:

"Our esteemed contemporary, the North American, is certainly under none of the malign influences that the senator denounced. Its warning cries can be heard above the din of trolley cars and even above the chink of Wall street gold. The Chicago Tribune led in the organization of a league to defeat the president and put the tremendously progressive Wisconsin man in the White House. Mr. Hearst's newspapers shout warnings of chains and slavery into the public ears several times a day. Many other newspapers are as radical as La Follette. And yet, 'inhabited with the exuberance of his own verbosity,' as Beaconsfield once said of Gladstone, he made a silly attack upon the character of newspapers as a whole, and was promptly pulled off the course as hopeless by his backers."

"Newspapers are not always right, any more than senators. There are too many newspapers for them to be unanimous on anything. Every shade of thought and opinion and policy is represented in them. If their editorial pages are not influential, their news pages are widely read, and it was in their news pages that La Follette's foolish speech went to the country. His political friends did not deem it prudent to put the influence of the editorial pages to a test."

ARE MICROBES IN YOUR SCALP?

It Has Been Proved That Microbes Cause Baldness

Professor Unna of Hamburg, Germany, and Dr. Sabouraud, the leading French dermatologist, discovered that a microbe causes baldness. Their theory has time and again been amply verified through research experiments carried on under the observation of eminent scientists. This microbe lodges in the Sebium, which is the natural hair oil, and when permitted to flourish it destroys the hair follicles and in time the pores entirely close, and the scalp gradually takes on a shiny appearance. When this happens there is no hope of the growth of hair being revived.

We have a remedy which will, we honestly believe, remove dandruff, exterminate the microbe, promote good circulation in the scalp and around the hair roots, and revitalize the hair roots, and overcome baldness, so long as there is any life left in the hair roots.

We back up this statement with our own personal guarantee that this remedy called Rexall "93" Hair Tonic will be supplied free of all cost to the user if it fails to do as we state.

It will frequently help to restore gray and faded hair to its original color, providing loss of color has been caused by disease; yet it is in no sense a dye. Rexall "93" Hair Tonic accomplishes these results by aiding in making every hair root, follicle, and pigment gland strong and active, and by stimulating a natural flow of coloring pigment throughout the hair cells.

We exact no obligations or promises—we simply ask you to give Rexall "93" Hair Tonic a thorough trial and if not satisfied tell us and we will refund the money you paid us for it. Two sizes, prices 50 cents and \$1.00. Remember, you can obtain it in Santa Ana only at our store—The Rexall Store. Wheeler and Mateer Drug Company, 104 West Fourth street.

CANCERS TUMORS

Owing to the many patients which we have under treatment at Santa Ana, the Radio Specialist of the Therapeutic Institute of Los Angeles has made arrangements to make regular visits at Rosemore Hotel on Tuesday of each week until further notice from 9 a. m. to 4 p. m.

Marvelous Cures are being effected in obscure and chronic diseases by simple, safe, and reliable methods that cure quickly without drugs or operation. No pain, no knife.

We give below names of a few of our many cured patients:

Mrs. Geo. Bredow, 1239 East Twenty-second street, Los Angeles, says: "Some years ago I had what the doctors called a fibroid tumor. They estimated that it would weigh at least thirty-five pounds. To my knowledge it had been growing for about five years. It caused me a great deal of suffering and anxiety. On September 4, 1902, I called on a physician in charge of the Therapeutic Institute, 946 South Broadway, for consultation and advice. He made a careful and thorough examination of my case and, to my surprise, said he could cure me without an operation. I took treatment from him for six months and in that time I was reduced to my normal size and completely cured. It has been now nearly nine years since I took the treatment, and I have never had any return of the trouble. I consider this wonderful, because the leading physicians and surgeons that examined me before all said the only thing to do would be to go to the hospital for an operation, and it would be doubtful if I would recover from the shock, owing to my weakened condition. I can say to the ladies of Los Angeles and vicinity that I feel that I owe my life to the treatment and can highly recommend it to the afflicted."

Lewis Williams, 2632 Loosmore street, well known retired business man, cured with two treatments, of cancerous growth on hand.

G. H. Farrar, 1525 East Fifty-first street, was cured in two months of a large cancerous tumor on left breast, from which he had suffered for four years.

Mrs. J. Brown, 219 1/2 North Olive street, cured of piles, after intense suffering for ten years.

We have on file hundreds of testimonials similar to the above. If you are afflicted and interested, you are invited to call and investigate.

We have successfully treated Cancers, Tumors, Goitre, Consumption, Asthma, Catarrh, Deafness, Weak Lungs, Chronic Cough, Rheumatism, Neuralgia, Piles, Fistula, all Skin and Blood Diseases, Paralysis, Locomotor Ataxia, Spinal Trouble, all Nervous Diseases, Prostatic Trouble, Diseases of the Kidney, Bladder, Nervous Debility. We give special attention to diseases of women. Our system of treatment cures without drugs. It gives you back the very element you have lost. It puts new life into the veins and renews health and vigor.

If you have failed to get relief from old-time methods of treatment, do not despair—there is still hope and help for you.

Every afflicted Man and Woman is invited to come and talk with us about his affliction and let us demonstrate free the means we have employed successfully in hundreds of other cases.

Consultation, Examination and Advice Free and Invited. Call at the hotel on the above date, or at our home office.

A CLEAR EYE AND A STEADY HAND

Two of the most necessary factors in making a success of any walk in life. You cannot measure up to the standard necessary to "get there" unless you have them. And you cannot have them if your system is out of order.

No person whose system is all run down can do anything to the best advantage.

Ninety-nine per cent of the ills known to mankind are due to clogged systems—systems in which the blood, liver and kidneys are not performing their proper functions.

Brackett's System Builder, that "pleasant-to-take" herb tablet, gets at and removes the cause—regulates the system and puts you in a condition of health and frame of mind to make for the greatest success.

Twin Gods of War and Melody

How do statesmen get themselves into the frame of mind to declare war? According to a popular German story the method in Bismarck's case in 1866 was one that would hardly be suspected. His subordinate, Sir Mountstuart Grant Duff, put it, "used, it is said, to fulfill toward him the function which David fulfilled toward Saul." On one evening Bismarck was unusually moody and Kendall surpassed himself at the piano.

"Thank you, my dear Kendall," said Bismarck finally, "you have soothed me and done me so much good; my mind is made up; we shall declare war against Austria."

OPPORTUNITY!

Do you realize what it means? It is knocking at our doors. Shall we leave them closed?

Land investments in the Salt River Valley, Arizona, watered by the great Roosevelt Reservoir with a capacity of 1,300,000 acre feet. It is the largest dam in America, furnishing water for over 240,000 acres of splendid land, which if it did not rain a drop for three years, would be sufficient to irrigate this vast area. Are we going to take advantage of the opportunity of acquiring some of this land, while the prices are low, or as many of us have done in the past, in a little while say (when prices have become high), if we had done so and so see what we might have owned.

A great deal of this land is under cultivation, in alfalfa that will yield from seven to ten tons per acre, and at present prices one season's crop will nearly pay for the land. The soil is fine silt loam and the land is nearly level, just enough slope to make irrigation easy.

Alfalfa, wheat, barley, oats, corn of different varieties and sugar beets are the staple products of this valley.

Thousands of cattle are fattened here; also sheep and hogs.

Many kinds of fruits do well. Also all kinds of berries.

We have given you only a brief idea of this valley, and would be glad to have you talk it over with us. We have the agency for these lands and have taken it only on our personal investigations of the same; we can describe it so that you will find it just as we represent. We have no desire to encourage people to go away from this country, only that we might be able to help them to get what they want. The government will furnish water for 160 acres only to any one person. The water is ditched to all this land by the government, and is ready for use now. We surely think this better than wasting time on undeveloped arid desert lands, when you have water, several railroads, street car service, good towns, a splendid home market, near the capital of the state with its many advantages. And one of the very best sections of country we have ever been able to secure an agency for. This land is selling fast, and prices are bound to advance. If you are interested it would be well to investigate as soon as possible in order to get the best possible price. We encourage your investigation of our methods, and solicit your patronage.

Respectfully,
CALVIN & DRAKE,
Agents for Chandler Ranch,

OUTLOOK BRIGHT FOR FRUIT MEN THIS YEAR

More Markets Will be Open to
California Products Than
Ever Before

**DEMAND INCREASING
IN EVERY DIRECTION**

Frank B. McKevitt, of Fruit
Distributors, Talks of the
Eastern Situation

CASAMENDO, Feb. 23.—Prospects are that the fruit grower of California will have many things to make him thankful by the end of the season of 1912, according to General Manager Frank B. McKevitt of the California Fruit Distributors, who has returned to Sacramento after an absence of more than a month, during which he visited most of the markets and fruit producing regions of the country.

A market of much greater breadth, less competition, more successful methods of fruit preservation, lower freight rates in some cases and a good crop the some of the things McKevitt sees held out for the growers and shippers.

While East McKevitt made it his particular business to observe and investigate to get all the data possible on the chances for California fruit during 1912. He says:

"Texas does not promise a big crop for this year. The trees there are in

poor shape, particularly because of neglect and partially because they bore a heavy crop in 1910 and have not recovered.

"An expert told me that Georgia, which competes with our early peaches, will not ship more than 3000 or 4000 cars of fruit. Some of the growers are digging up their trees because it is more profitable to raise cotton. The great drawback in Georgia is the fact that all their peaches are Elbertas and come on at the same time, and they sometimes have two weeks' rain during the growing season, which hurts the fruit.

"The Northwest is not expected to have a heavy crop for the reason that they had an excessive production last year.

"I look forward to a good fruit season. Business conditions are good. While things have not been very active following the holidays, there is a strong undercurrent of confidence. The country is on a solid financial basis. The banks are full of money and prices are generally good.

"The demand for California fruit is increasing rapidly. Last year we opened at least fifty new markets for carload lots. Besides, many dealers in small cities are going to the auction for our fruit. In addition, rate reduction to the south will make it possible for us to place probably several hundred cars where we were not able to send fruit formerly. And many more small centers will be opened in 1912.

"The packing of grapes in sawdust has been a very successful venture. This opens a new market for several hundred cars of California grapes, though some educational work will be necessary to create the demand. The people are now taking the Almeria grape for winter. Growers must be careful to pack only their best grapes and encourage the trade.

"Rain is badly needed in California just now for the growing grain, but the fruit trees are in thriving condition and the buds are swelling rapidly. I do not fear for lack of rain so far as fruit is concerned. I can recall only one short year during the thirty-three years I have in the business."

PUTTING FINISHING TOUCHES ON BANK

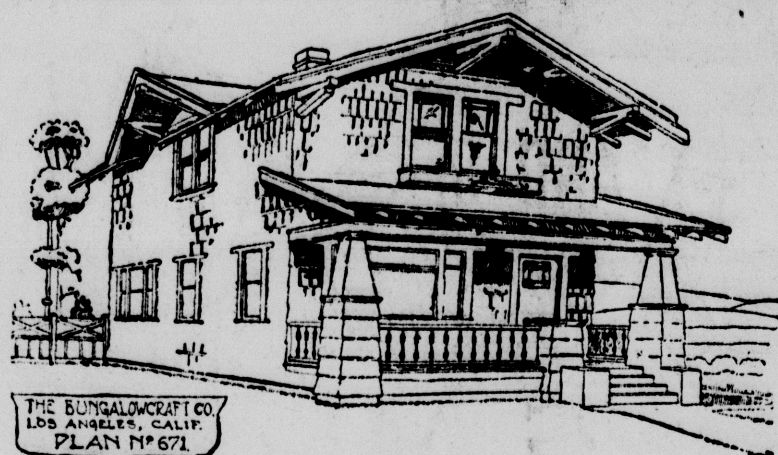

Local Institution Will be in
Elegant New Quarters
Very Soon

The new trust building of the Orange County Savings Bank is rapidly receiving its finishing touches, and the close of the month will find this prosperous institution installed in its elegant new quarters and ready to do a "land office" business along all the lines for which it is now organized.

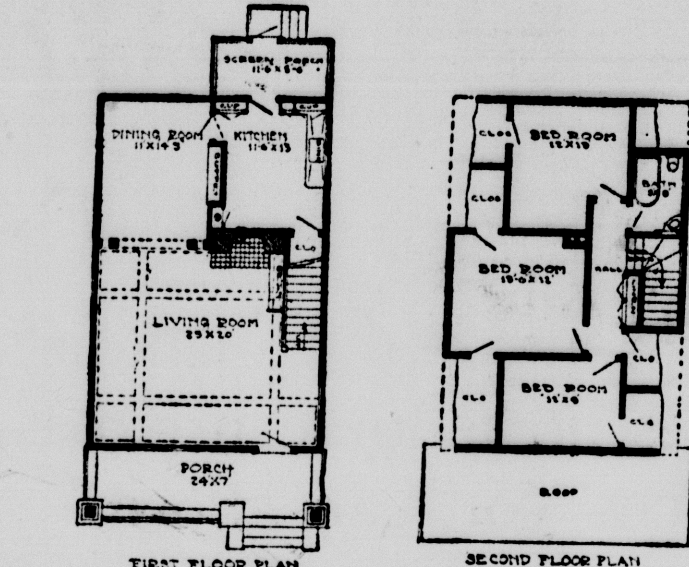

The magnificent front and interior of this building has created a large amount of favorable comment among strangers who have visited this city since the building had progressed to a place where the elegance of the finished building could be comprehended.

A New Six-Room Chalet Bungalow

By the Bungalowcraft Co.)
404 Chamber of Commerce, Los Angeles California

THE BUNGALOWCRAFT CO.
LOS ANGELES, CALIF.
PLAN No. 671

We illustrate herewith one of the prettiest and most convenient little bungalows that can be found in Los Angeles. The house is built on the following style.

The construction is of wood with outside walls covered with Redwood shakes and roof of Malthead. The house is only 24 ft. by 46 ft. over all and its cost was \$1900. A wide porch extends across the entire house and opens through a heavy oak door with plate glass into a living room which is 23 ft. by 29 ft. finished with hardwood floors, beamed ceilings, large open fireplace with handsome mantel, a seat in the highback and handsome exposed stairway running up from the side. A buttressed opening with drop beam leads into the dining room which is of convenient size and has hardwood floor, paneled wainscoting and built-in buffet. The remaining room on this floor is the kitchen which is built in full cabinet style with cupboards, closets, etc., conveniently at hand. A screen porch large enough to be used as a breakfast room opens from the rear of the kitchen.

Although the house is one and a half stories, the three bedrooms on the second floor have full square ceilings, the slant of the roof being taken up by the closets, of which there are no fewer than six on this order. There is a well fitted up bathroom and a large, conveniently located linen closet and taken all-in-all it would be difficult to design a more convenient or attractive home. The woodwork in the living room and the dining room is of slashed grain Oregon pine stained; the kitchen is painted and the woodwork in the bedrooms is enameled in light tints. The house is completely finished in hardwall plaster tinted and the walls in the kitchen and bathroom are enameled up to the plate rail so that they may be washed the same as tiling.

Complete plans and specifications for this house, either as shown or reversed, may be had for \$10 and any inquiries regarding bungalows or bungalow building addressed to the bungalow editor of this paper will receive prompt and detailed replies without charge whatever. If you are thinking of building a home, some day send one dollar to this paper for a copy of "California Bungalow Homes," the most modern, practical and comprehensive book of the bungalow. It contains 128 richly illustrated folio pages of bungalows, inside and outside in their very latest developments. Costs run from \$500 up, full description and details are given and a fund of information worth many times the cost of the book to any home builder.

NEW BUILDING GOES UP SOON

Mrs. Doty to Move Photography Studio to Make Room for Builders

Within a short time work will commence on the erection of a fine two-story brick building at the Southwest corner of Sixth and Main streets. That this building will go up was announced a short time ago, when the West End Garage got a lease on the lower floor of the proposed building. Mrs. Doty, who owns a corrugated iron building on the property in which she conducts her photography business, has received notice to remove the building immediately. She is negotiating for a close-in location.

The new building will be one of the best of the winter. The syndicate that is to put it up is composed of enterprising men, interested in the best development of this city and the county.

During the last week a permit was issued for the erection of a fine \$3500 11-room residence on South Main street for M. V. Whitson.

This is another step in the up-building of that street, and the residence will be a fine addition to the street, which has built up rapidly in the last two years.

Carpenters are busy making improvements at E. B. Smith's jewelry store on Fourth street.

O. M. Robbins' fine new residence at the corner of F and Wellington is now well up, and shows that it will be one of the handsomest residences in that section where pretty homes abound.

KEEPING IN TOUCH WITH HOME

IT IS wonderful how much satisfaction can be obtained from a talk over the Bell Telephone.

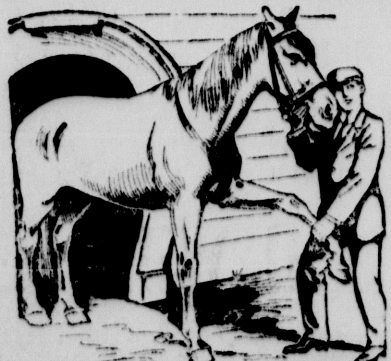

A letter carries words, but the Bell Service has been brought up to such a point of perfection that the modulations of the voice are clearly heard.

The cheery tones show that the talker is well and in good spirits. The call may come from a suburban village or a distant city, but within the limits of the carrying power of the voice the Bell Service carries the tone as well. You get a personal interview with a friend hundreds of miles away.

Bill Sill rode the machine that won first place and Barker rode the machine that came in second. Both made great time as the reports of the races will show.

KEECH AND DAVIS ARE LAW PARTNERS

A law partnership has been formed between Attorneys E. E. Keech and Samuel M. Davis, well known attorneys of this city. The new firm will be known as Keech & Davis.

Attorney Keech, who has been attorney for the Orange County Savings Bank since it entered upon its career of expansion, will move into and occupy a commodious suite of rooms on the second floor of the building and will assume direct charge of the bank and trust company's legal affairs.

During the past year, the large demand upon his time made by important litigation for the water companies has made it impossible for Mr. Keech to give his attention to the other lines of general practice in which he has been successfully engaged for many years; and, in order that he may accommodate all his old clients, as well as any new ones who may desire the benefit of his experience, he has formed a partnership with Samuel M. Davis of this city, who will occupy an adjoining suite of rooms, and the firm will engage in the general practice of their profession in the state and federal courts. Mr. Keech will still be the special counsel for the water companies and the bank and trust company in Southern California. He is a recognized authority on irrigation law.

Attorney Davis will change his office from the First National Bank building to the new bank building, and the new firm will begin business about March 1. Attorney Davis is well known over the county. He began practicing law in Minnesota in 1887, and came here in 1901. He served this county as district attorney, and while in that office he

proved in the supreme court the legality of the county prohibition ordinance against strong opposition.

CASCARETS CLEANSE LIVER AND BOWELS

No Biliousness, Headache, Sick, Sour Stomach, Indigestion, Constipation, Tongue or Constipation

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give you a thorough cleansing inside and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too.

Arizona Dates

I am on my way to Arizona, where I go to inspect the African date which I brought to this country through the aid of the agricultural department of Washington in 1889. The dates were obtained in Arabia, Egypt and countries along the Mediterranean. I have not seen these date trees since they were planted in 1890. The were rooted suckers and every year the planters down there send me a box or two of each year's product as a sample. The orchards having date trees are becoming more numerous every year, and it will not be long before we have all the dates that we can consume and will do away with the present importation. The date is suitable to Arizona.—Professor Van Dusen, in Sunday Oregonian.

BREAKS A COLD IN JUST A FEW HOURS

Says Quinine Isn't Effective in the Cure of Colds and Grippe

Nothing else that you can take will break your cold or end gripe so promptly as a dose of Pape's Cold Compound every two hours until three consecutive doses are taken. The most miserable headache, dizziness, head and nose stuffed up, feverishness, sneezing, running of the nose, sore throat, mucous catarrhal discharges, soreness, stiffness, rheumatism pains and other distress begin to leave after the very first dose. Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousands dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or gripe.

Take this harmless Compound as directed, with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end gripe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

NEWSPAPERS WERE HIRED IN OLD DAYS AT SO MUCH AN HOUR

A London newspaper, the Daily News, has unearthed an interesting document which goes back to the days of dear newspapers, when these papers were taken around to houses and hired for so many hours at so much an hour. Tucked away, it says, in the leaves of an old guidebook to the Crystal Palace, dated 1854, has been found a little printed leaflet, issued from Westerton's library and newspaper office, 20 St. George's place, Hyde Park Corner, making the following announcement:

"Can be had from the office by 8 o'clock in the morning, to keep at 10 cents per copy, or sent to read for three hours at 25 cents or two hours for 18 cents per week. It can also be supplied at 5 o'clock in the afternoon at the reduced price of 6 cents per copy or posted into the country at \$5 per quarter, payable in advance."

In those days the Daily News had been started only eight years under the original editorship of Charles Dickens and was still published at 10 cents per copy. Its editor at the time was William Weir, and Harriet Martineau, perhaps the first woman

INTOXICATION COST FREEDOM

Chester Overton Sentenced to Spend Five Years in San Quentin

Chester Overton's spree of last Tuesday brought him a sentence of five years in San Quentin.

Wednesday afternoon Judge West had Overton in the superior court and at that time it was explained to the judge that Overton, who was out on parole, had been arrested at Or-

ange in an intoxicated condition, threatening to fight, armed with a heavy stone and a pair of brass knuckles.

The judge entered an order setting aside the order of probation given Overton after he pleaded guilty to stealing a team of mules from H. A. Brown of Olive. The judge then sentenced the man to five years in San Quentin.

HOW ASSOCIATION HELPS WITH JOBS

R. J. Hamilton, county secretary of the Y.M.C.A., has issued the following statement:

Were you ever without a position where you could earn your living and with no money in your pocket? If so you can appreciate the position of some of the men who are applying to the recently organized employment committee of the Y.M.C.A. of Santa Ana. If you were in a strange country, driven by a hard climate and poor health to a city where you didn't have a person who cared whether you succeeded or not in getting work, what would you do? This is a problem which the Y.M.C.A. employment committee is trying to help solve. But it requires the help and co-operation of the good people who have the chance to employ help. Do you need a ranch hand? If so, call up Main 59 or Home phone 59, and tell Mr. R. R. Smith or Mr. Smiley about it. They are the men who are acting as the employment committee of the Y.M.C.A. of Santa Ana. Women are also leaving their requests for work with them. They are located at 401 West Fourth street, and are willing to do all they can to help bring together those needing help and those looking for positions. They have been instrumental in placing a number of men already in good positions, and have a good sized list of others waiting for work.

A young man direct from Chicago, looking for work, was located within 48 hours after his arrival. A middle aged man who has been in the hospital for a couple of months with a broken leg is now ready to leave and is seeking light work of suitable nature. Help locate him if you can.

Too Busy to Watch

"Clara," said a mother to her little three-year-old daughter, who had been spending the day with a neighboring playmate, "were you a good girl during your visit?" "I don't know, mamma," replied Clara; "I just had so much fun that I forgot to pay any attention to myself."

Morocco Leather

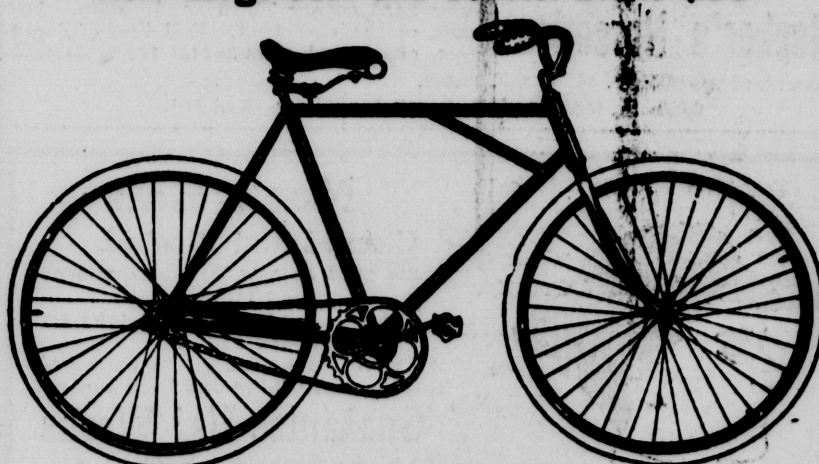

The dyeing of native leather, for which Morocco has long been famous on account of the softness of its tone, its texture and its flexibility, continues to be practiced in Tafillet, Rabat, Morocco City, Fez, Tetuan and Rebat, but artificial dyes are also being substituted in the modern process, supplementing the use of the secret vegetable ingredients formerly used to produce the inimitable tones of earlier times.

Still Flourishing

"Do you hold with certain pessimistic writers that all romance is dead?" "I do not. So long as fat women continue to fall in love with human skeletons and ossified men with tattooed ladies, it seems to me that romance is still very much alive."
